SUBJECT: PAKISTAN UNLIKELY TO CONTRIBUTE TO IRAQ MISSION
EXCEPT UNDER UN MANDATE

REF: STATE 55436

Classified By: Charge d'Affaires Peter Bodde, reasons 1.4 (b) and (d)

11. (C) Post assesses that Pakistan would not be willing to contribute troops or other support to the current Iraq Coalition, nor would it be productive to raise the matter with the Government of Pakistan at this time.

12. (C) Pakistani officials have intimated privately in the past that they would consider sending troops to Iraq at some future date as part of a UN peacekeeping operation. Pakistan's standard conditions for contributing troops to UN missions include a UN (preferably Security Council) mandate, consent of the host country, and troop utilization for "peacekeeping" rather than "peace enforcement" purposes.
